

MetroStars AZ2020Cup

A T20 Summer Cricket League of Arizona

Revised Format:

1. Total of 12 teams are participating in 2011 AZ2020Cup.
2. 12 teams have been divided in three groups as per their ACA ranking
3. Each team will play with every other team in its group once (3 games per team)
4. Each team from one group plays with the same ranked teams from other two group once (2 games). For example, Red 1 (Cavaliers) will play with Green 1 (MSU) and Blue 1 (VECC), and so on.
5. After this first round all teams will be ranked from 1 to 12 in the following format
 - a. Red group teams will be ranked from 1 to 4 as per the points and NRR.
 - b. Green group teams will be ranked from 5 to 8 as per their points and NRR
 - c. Blue group teams will be ranked from 9 to 12 as per their points and NRR
6. All twelve teams will play in 16 teams playoffs brackets. See page 3.
7. Advantages of this format
 - a. It ensures that all teams get to play at least 6 games.
 - b. Strong teams get tougher matchups and weaker teams get weaker draw, which will ensure that the game will be competitive.
 - c. Match-up gets much tougher for teams in Red group, but they are ensured first round bye in the playoffs, whereas rest of the eight teams get much easier draw, Also, will get to play pre-quarter finals round. The better these teams play in the league games, the easier their preQF round would be.
 - d. Games that have already happed on last weekend are still valid and will be counted towards the league games. Only exception is, PCC has played with VECC, instead of AZW and MSU has played with AZW instead of VECC.
